b)	Setting up client's exposure limits Setting up the client's exposure limit is subject to internal control mechanism of the VCPL where client is provided collectively a variable trading limit for placing the orders in various segments of exchanges. Normally the client exposure limit is calculated by adding the available ledger balance, cash equivalent collaterals and purchased securities pledge account with applicable variable haircuts. The list of approved stocks for the purpose of margin consideration is provided to the client by the regulator/exchanges/VCPL from time to time. However, the VCPL can at its sole discretion vary the applicable haircut on the approved stocks from time to time. Client exposure limit vary as the margin components varies. However, VCPL can vary or reduce or impose the exposure limit at anytime without any prior notice to the client. VCPL shall not be responsible for any such variation or reduction or imposition or the clients' inability to route any order through the VCPLs' trading system on account of any such variation or reduction or imposition of limits. Other factors can also influence the set client exposure limit that may include but not limited to the market condition, SEBI and/or exchange restrictions/limitations on either script-wise or VCPL-wide set limits. Exposure limits can also vary from client to client based variable factors such as financial status and/or residential status and/or risk tolerance of the client. RMS department of the VCPL shall assess and evaluate the risk involved in the transactions of each client on one to one and at any time on case to case basis. If the client wishes to increase the exposure limit, client shall deposit additional fund/margins in the designated form as stated above into the designated account. Client exposure limit for intraday, carry forward and delivery based transactions may vary from each other. Within the set exposure limit for a client, allocation of the limit may vary based on clients' transactions/position in various categories of stocks and/or in derivatives (futures and options). Defining the categories of the stock is discretionary and shall be communicated to the client from time to time. VCPL may at its sole discretion and without prior notice, prohibit or restrict the clients' ability to place orders or trades in securities due to but not limited to the reason of lack of margin or the order being outside the limits set by VCPL/exchanges/SEBI or any other reason which the VCPL may deem appropriate. Setting up exposure limit doesn't entitle any right to the client and that VCPL at any time without any notice withdraw the set exposure limit. Client shall indemnify and keep indemnified the VCPL against any loss/damage incurred due to such withdrawal of the exposure limit. Any loss thus occurred shall be borne by the client only and client shall clear all his/her/its outstanding debit balance along with any other applicable charges.

In addition, it is provided that client shall pay to the VCPL the applicable brokerage charges, all statutory charges applied by exchanges due to clients' trading/dealing in securities, penalty on clients' material default in pay-in obligation or any penalty imposed on VCPL by exchanges/SEBI/any other competent authority in relation to clients' default/action/dealing/ trading, any incidental charges such as postage, courier etc as they apply to the clients' account from time to time and any other charges/penalty as imposed to the clients' account by the VCPL due to the clients' non-performance/ misrepresentation of any facts/evidence/ commitment provided in any manner whatsoever or by any other reason as may be provided by the VCPL from time to time. Client would be responsible to monitor its open position and review continuously the valuation of his/her/its position in the open market. Client is aware that stock market is volatile in nature, at any time, if the clients' open position attracts the additional margin client shall immediate, whether or not communicated by any way or received any margin call, deposit in the designated account an additional fund/approved securities in the form as may be decided by the VCPL. In case, if the client fails to provide the additional margin requirement, RMS can at its own risk perception at any time without any prior information to the client sell the clients' securities or close the clients' position at market rate/price or at such rate as the VCPL deem fit. If the client gives orders/trades in the anticipation of the required securities being available subsequently for pay in through anticipated payout from the exchange or through borrowings or any off market delivery(s) and if such anticipated availability does not materialize in actual availability of securities/funds for pay in for any reason whatsoever including but not limited to any delays/shortages at the exchange or VCPL level/ non release of margin by the VCPL or by any other reasons, the loss which may occur to the client as a consequences of such shortages in any manner such as on account of auctions/square off/closing outs or any other manners as the case may be, shall be solely to the account of the client. POLICIES & PROCEDURES

damage/ square off/auctions/imposition of penalty or any other penalty as applied due to any delay/rejection of the instruments by the competent authority/banks/depository participants/SEBI/Exchanges/VCPL.

Client is aware and understands that if the such selling of shares is not enough to recover any dues/debit balance in the clients' account, Stock broker can legally send the notice to the client and ask to clear the outstanding balance to avoid any legal action by the competent court of law.

f) Shortage in obligations arising out of internal netting of trades

VCPL as a member of the exchange delivers/receives securities to/from the exchange on net obligation basis in respect of a settlement. In such a process, if a client, who has sold securities, short delivers the securities, which are to be delivered to another client of VCPL, auction is not possible as positions are internal and hence it is treated as internal shortage of securities. VCPL has an internal shortage closeout policy.

So as per our internal policy, close out price in case of Internal Shortages of a symbol would be determined as below:

Any type of costs, risk, loss occurring as a result of treatment of internal shortage by VCPL shall be solely on account of client and VCPL shall not be responsible for the same. In the event a client fails to deliver to VCPL any securities that have been sold by the client to meet the sale obligation by the stipulated pay-in-time or informs VCPL of the shortage earlier, VCPL shall be entitled to obtain such securities to enable VCPL to deliver securities to the client who has purchased these securities.

If for any reason, obtaining such securities is not possible, seller delivering short shares (i.e. client failing to deliver shares against sell transactions) would be debited at the closing rate (as per bhav copy) on T+1 day or Auction day on Exchange plus additional 1%

The client on the buy side would be credited with the same amount which was debited to the defaulting (i.e. selling) client as computed above. The provisional entry, if any, debited to the short delivering client (i.e. seller) would get reversed on T+1 day.

This policy would be applicable in case of corporate action also, where the scrip is suspended or not traded in further.

g) Conditions under which a client may not be allowed to take further position or the broker may close the existing position of a client

The VCPL may not allow a client to take further position or may close the existing position of a client at any time without any prior notice to the client if they fail to meet the required margin in time. VCPL may prohibit or restrict the clients' ability to place orders or trades in securities or it may subject any order placed by the client to a review before its entry into the trading systems and may refuse to execute/allow execution of orders due to but not limited to the reasons of

- Lack of margin
- Securities or the order being for securities which are not in the permitted list of the VCPL/exchanges/SEBI
